- **Society for the Advancement of Hispanics/Chicanos and Native Americans in Science (SACNAS)**
<http://sacnas.tamu.edu/node/15>
 - SACNAS Chapter in collaboration with HLGSA is offering **FREE TUTORING SESSIONS** open to **ALL** undergraduate students.
 - Tutoring for CHEM 107/117; MATH 151, 152, 251

➤ **ATMentors** - <http://atmentors.tamu.edu/>

ATMentors is an organization of faculty, staff, and administrators who volunteer extra office hours to make themselves available to students who just want to talk to someone. There are over 200 current mentors in almost every department on campus.

- Mentors advise students in their area of experience and competence.
- Mentors stay informed about current TAMU services so they can act as effective referral sources to students whose problems are outside the Mentor's expertise.
- Mentors provide a caring, nonjudgmental ear when a student just needs to talk.
- Mentors provide a smile, a helping hand, and eagerness to serve as stepping stones instead of stumbling blocks – these are the nuts and bolts of Mentoring.
